See the benefits for yourself

- **Increase attendee satisfaction**
Useful statistics let you monitor the capacity of various entry points, enabling you to respond quickly to any entry scenario.
- **Reliable ticket validation**
Ensure a smooth entry process for all types of tickets, and benefit from our reliable systems to manage even the largest visitor flows.
- **Competent advice**
Depend on our reliable support before and during your event. Our entry management specialists are true professionals in their field thanks to many years of experience.
- **Uniquely versatile**
Whether you need entry processes with fixed terminals and gates, via mobile devices or both in combination – together we will find the right solution for you.

Our custom solution for your entry management requirements

Leave a lasting impression on your attendees

Find the perfect entry solution for any event with XING Events

Rely on our tried-and-tested entry management solutions. Allow us to put together a package that is tailored to your individual requirements.

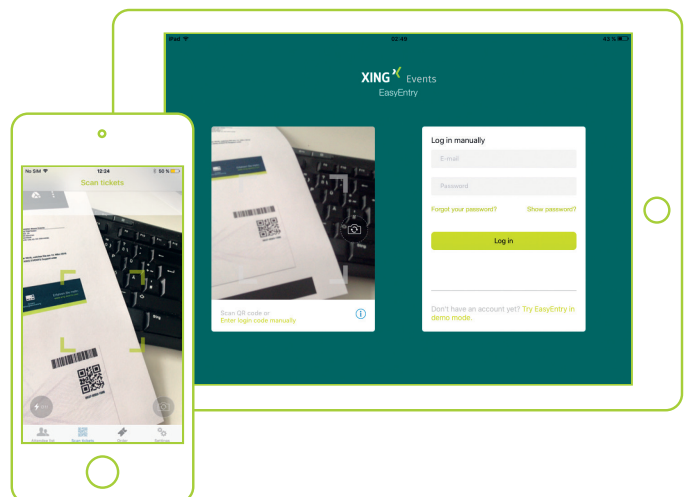

- Entry control with turnstiles, screen or RFID gates, and corresponding terminals with the necessary software.
- POS systems for cash and cashless payments.
- RFID chips and bracelets for storing important information such as access permissions or credit for cashless payment.
- Design, (on-site) printing and shipping of name badges and accessories for attendees.
- Comprehensive advice and support before and during your event.

Our EasyEntry app puts entry management in the palm of your hand

EasyEntry is available for both iOS and Android, it can also be used as a desktop version or you can open it without installation directly in the browser (e.g. on your laptop, tablet, etc.). Its modern design and intuitive handling ensure a smooth entry management process for your admission staff.

- Fast entry control by scanning tickets with mobile device cameras (mobile version) or barcode scanners (desktop version).
- On-site ticket sales and printing of tickets, badges and invoices for fluid processes.
- Easy access to all key user data, which can be edited if needed.
- Real-time statistics on visitor numbers and the use of entry points.
- Login with QR codes for admission staff.

Together we will turn your event into a success story.
